

REQUEST FOR *CONSULTANTS ON DEMAND* COUPONS

The Beaufort Regional Chamber of Commerce’s *Consultants on Demand* program allows members an opportunity to seek help with specific business concerns and allows Chamber members that provide consulting services an opportunity to meet potential clients. This program is designed with a specific limitation on the amount of hours a business member can tap a business expert as a resource without “tapping out” the business expert. Likewise, the business member is assured that during the *Consultants on Demand* consultations, he or she will not experience a sales pitch but will only receive counsel and all matters will be kept confidential. If the *Consultants on Demand* vouchers are used and the business needs further assistance, the Beaufort Regional Chamber encourages the business member and the business expert to seek out their own agreement for services. **Members wishing to receive their three one-hour Consultants on Demand coupons, please complete the following information and sign the agreement at the bottom of the page.**
